

## Tips for a Family Trip to Walt Disney World Resort

A family vacation to Walt Disney World can be the most magical! Here are a few tips to help your Clients make the most of their vacation when traveling with the whole family.

### Where to stay

If your Clients are traveling with a big family, or are just looking for a little extra space, then a Deluxe Villa Resort may be a good fit for them. These Resorts, which include *Disney's Saratoga Springs Resort*, *Disney's Riviera Resort* and more, offer 1-, 2- and 3- Bedroom Villas. These villas also include a kitchen, which allows your Clients to prepare meals in the comfort of their room, or have breakfast as a family before heading out for a magical day at the theme parks. Another benefit of a Deluxe Villa Resorts is access to an in-room washer and dryer. This means your Clients can pack lighter, which means less luggage for mom and dad to haul through the airport.

### Take a break

Let your Clients know it's okay to take a break! Especially for families with little ones, a mid-day break is a perfect time to come back to their Resort for naptime (trust us, both the kids and parents probably will need it). Or take the time to enjoy the Resort, beat the heat and make a splash at the pool before heading back to the park for fireworks.

### **Family fun**

We all know and love family-favorite attractions like Peter Pan's Flight, Frozen Ever After or Kilimanjaro Safaris. But did you know that Disney Resorts also offer fun family activities? Many Resorts have Movies on the Green, where they show a Disney movie on an inflatable screen outside. Your Clients can grab a blanket, a snack and enjoy a movie together. Other Resort offerings include kids' activities by the pool, crafts, dance parties and more.

### **Snack time**

Your Clients can keep the whole family happy, not hangry by making a stop for a snack. A Mickey pretzel with cheese, or corn dog nuggets from Casey's Corner at Magic Kingdom Park are quick, tasty snacks that the kids will love. Or, as a bonus, if your Clients are staying at a Deluxe Villa Resort, they can easily prep their snacks in the kitchen and bring them in their backpack.

### Making memories

Make sure your Clients don't forget to take time to enjoy the moment! With Memory Maker, your Clients don't have to worry about whose phone takes the best pictures, dad covering the lens with his finger or not getting the whole family in every picture. When your Clients purchase Memory Maker\*, they can enjoy unlimited downloads of all their favorite Disney PhotoPass photos for one price.
