

Room to Relax: *Disney's Riviera* Resort

Disney's Riviera Resort celebrates the grandeur of Europe—reimagined with Disney magic. From lush landscapes and beautiful gardens, to European-style cuisine and magical Disney touches, there's enchantment around every corner. It's also a Deluxe Villa Resort, meaning that your Clients will enjoy spacious accommodations that go beyond the traditional hotel room. With the ability to choose from 1-, 2- and 3-Bedroom Grand Villas, your Clients can pick the room that's just right for their vacation.

- Separate bedrooms provide privacy and extra space, making it easy to recharge after a busy day in the parks.
- A full kitchen allows your Clients to prepare meals and snacks from the comfort of their villa. Breakfast before hopping on the Disney Skyliner to Epcot? Preparing a mid-day snack to bring in a backpack? No problem.
- In the spacious living and dining areas, your Clients can enjoy quality family time together – eating dinner, playing cards or watching *Must Do Disney with Stacey* for the fifth time (it never gets old).
- With access to an in-room washer and dryer, your Clients can pack light and avoid airline baggage fees.

If that sounds like a little more than your Client may need, *Disney's Riviera* Resort also offers a Deluxe Studio room option. These rooms sleep up to five Guests and include a kitchenette.

Outside of the Deluxe Villas, there's plenty to enjoy around the Resort. Your Clients can take a leisurely stroll to enjoy the beautiful collection of Disney artwork created just for *Disney's Riviera* Resort, play lawn games with the whole family, or relax poolside while soaking in the sun.

If your Clients want to feel at home while they say in the magic, if they are traveling with kids or extended family, or if they are just looking for extra room to relax, *Disney's Riviera* Resort might just be a perfect fit!
